Gentlemen;

Enclosed are seven copper coins I wish you to attribute. If possible be sure & state approximate date of issue, as I'm forming a small collection of coins from each century from 600 B.C. to present.

Understand there is a 10¢ charge on each one. Please advise exact cost of attributing & I will mail you a m.o.

Very truly yours

Dear Sir:

Please pardon our negligence in acknowledging your registered letter of January 3rd. We thought we had acknowledged this. It came at the time that we were very busy closing up our year's work and making reports for our annual meeting. I have just this day finished attributing the coins and I am herewith returning them. Our minimum charge for doing this sort of work is $1.00. This really includes the return postage - therefore we would be very glad to receive $1.00 from you.

Very truly yours,

HW:JG

Dear Sir,

Enclosed is M.O. for $1.00 in payment for lot of coins you recently attributed for me.

Many thanks!

Have a collection of U.S. Colonials which I am always trying to add to.

Sorry I missed seeing you when I visited the Museum last summer.

Sincerely
